

DRW-23

Exterior Dimensions:
17-3/4" (W) x 9" (H) x 15" (D)
Weight: 50 Lbs.

The Protex DRW-23 drawer safe is a new addition to our line of hotel and personal safes. It's deigned to fit in a cabinet, on a shelf or inside a closet. The drawer safe is equipped with a hotel type locking mechanism, flat digital keypad with LED display and a mechanical key override. The code you choose to lock the safe will be the code to open it. The safe is also equipped with a manager override code that can be changed at any time. After entering the correct code, the drawer will automatically spring out and can be pulled out all the way for easy and convenient access. Its plush high-quality velvet interior provides a nice accent, feel and protection for your most precious belongings. The DRW-23 can be installed on a low shelf or on the floor and will still give you and easy access since you can see the interior from the top. An excellent choice for a hotel/motel guest room or suite. It can be bolted to the floor or wall to provide an extra security from theft.
